

is partnered with  
  
for your Medical Record needs!

Sharecare is committed to providing the highest levels of Quality,  
Professionalism, Integrity, and Responsiveness.

To initiate your request, please complete each section of the Authorization for Disclosure of Health Information form. This form will be delivered promptly to a Sharecare representative for processing. You may also submit requests using our Online Patient Request Form by scanning the QR code below:

Please note there may be a processing fee associated with your medical records request. This fee is collected prior to releasing the medical records. Patient pick-up is not delivery option for our facilities.
